Dear Treasurer-Elect Sprague:

Congratulations to you and your family on your hard-fought victory in your statewide race! We are delighted that you will be our new State Treasurer and that our tax dollars will safely remain in good hands.

We also thank you for your early support and co-sponsorship of the pro-life Heartbeat Bill. We imagine that you are just as disappointed as we are in Senator Bill Beagle's flip-flop on the final, crucial vote, since you had planned to hire Beagle as a high-ranking member of your staff.

We respectfully call on you to choose someone else, not Bill Beagle, for this important role. "People are policy" and Beagle has lost trust with those who worked to elect you. He has walked away from conservative values on a very critical issue. We encourage you to choose someone with more character and integrity, someone who holds the same values that you do and who will represent your best interests and those of our party.

We believe Bill Beagle has demonstrated that he is unfit for a position in the Treasurer's office.

Sincerely,
